

AFFILIATE DIPLOMA PROGRAM

A hybrid high school experience that puts the responsibility of daily school-hour guidance and facilitation in our hands and follows a strict diploma progression with a dually accredited Christian academy with 25 years of online experience.

A Day in the Life

- Arrive by 8:00 am
- Structured Class Schedule
- Daily Goal Review
- Brain Breaks
- Lunch Break
- In-Person Elective Options
- Opportunity for 1:1 Focused Help
- Dismiss at 2:30 pm
- Periodic After-School
Enrichment Possibilities

Large School Opportunity. Small School Support.

This unique high school experience merges in-person guided facilitation with the added advantage of personalized learning opportunities through a school community of over 2,000 students and 200 courses.

Highlights & Framework

Framework

- Standard or advanced diploma track
- Whole class or small group lesson introduction capability for most subjects
- 6 credit hours per year average
- Devices provided and managed by MCCS
- Daily Attendance expectations same as K-8
- Certified homeroom teacher

Highlights

- 80% of NSA content is written in-house. These are more than just digital textbooks.
- Biblical Worldview
- BUZZ Learning Management System
- Full access to NSA teachers, staff, and other students
- Online clubs, contests, devotion groups, chapel, etc.
- Classroom culture still a key component of our program

Cost

- Total cost is calculated using actual NSA fees (depending on student chosen classes) and the MCCS annual fee (\$2000 for 2025-2026).
- Average overall cost is \$7000
- \$200 Registration fee

The Partnership

NORTH STAR

Affiliate Liaison

Works with the school supervisors

MCCS

Registration and Payment

We register students for classes, set student up for orientation, and prepare family tuition invoice. All tuition payments occur through the MCCS office. Registration payment of \$200 due on enrollment date.

TEACHER SUPERVISOR

Gretchen Weber

Mrs. Weber is a certified teacher. She facilitates, monitors, guides and supports students throughout the day.

GRADES 9-12

Be a Part!

High School is meant to prepare students for higher education and life. Nearly all college environments now hold virtual classes. Students need to master virtual learning environments. This life skill is also important for job acquisition and stability. An important indicator for school excellence, according to Association of Christian Schools International (2022), “the school implements current uses of technology to enhance teaching and learning and to prepare students for future academic and career success” (p. 7).
